

To whom it may concern,

It has been brought to my attention that I may not be able to receive transmission of my favorite K-Love radio station due to LPFM broadcasters.

K-Love truly serves my interest in my community of Richmond, KY. My four year old daughter also very much enjoys listening to the music provided by this station.

I believe the effect of this station being displaced by LPFM broadcaster would be far reaching. In a day and time in which we struggle to find decent programming, I feel that this would be a HUGE disservice to many.

K-LOVE serves the public interest by providing a family friendly station that both young and old can enjoy.

Please consider the long-term affect this would have.

I would appreciate it if I didn't have to include this to my list of daily concerns. Please allow this great station to continue the wonderful work and influence in my community.

With sincere thanks,

Regina Lewis
